

## **SAFEGUARDING POLICY**

### **Llanymynech Amateur Dramatic Society (LADS)**

The Llanymynech Amateur Dramatic Society (LADS) recognises its duty of care under the Children and Young Persons Act 1963, the Child (Performances) Regulations 1968, the Protection of Children Act 1999 and the Criminal Justice and Court Services Act 2000 (in Scotland change to Protection of Children (Scotland) Act 2003).

The society recognises that abuse can take many forms, whether it be physical, emotional, sexual or neglect. The society is committed to practice which protects children and adults from harm. All members of the society accept and recognise their responsibilities to develop awareness of the issues which cause children and adults' harm.

#### **The society believes that:**

- The welfare of the child is paramount.
- All children/member, whatever their age, culture, disability, gender, language, racial origin, religious beliefs and/or sexual identity have the right to protection from abuse.

- All members and employees of the society should be clear on how to respond appropriately.

#### **The society will ensure that:**

- All members will be treated equally and with respect and dignity.
- The duty of care to children will always be put first.
- A balanced relationship based on mutual trust will be built which empowers children and members to share in the decision making process.
- Enthusiastic and constructive feedback will be given rather than negative criticism.

- All adult members of the society provide a positive role model for dealing with other people.
- Action will be taken to stop any inappropriate verbal or physical behaviour.

- It will keep up-to-date with health & safety legislation.
- It will keep informed of changes in legislation and policies for the protection of Children

The society has child and member protection procedures which accompany this policy. This policy should also be read in conjunction with the society's Equal Opportunities Policy and Health & Safety Policy.

The society has a dedicated Child Protection Officer, who is in charge of ensuring that the child protection policy and procedures are adhered to. That person is Julia Thomas and she can be contacted on **07974651747**, the Deputy Officer is Alison Utting and she can be contacted on **07891837503**

This policy will be regularly checked by the Committee of the society and will be subject to annual review, which will be carried out by the next AGM.

## **CHILD / MEMBER PROTECTION PROCEDURES**

At the outset of any production involving children the society will:

- Undertake a risk assessment and monitor risk throughout the production process.
- Identify at the outset the person with designated responsibility for child protection.
- Engage in effective recruitment of chaperones and other individuals with responsibility for children, including appropriate vetting (if necessary, in consultation with the local education authority).
- Ensure that children are always supervised by their parent or a Chaperone who is a DBS checked member.
- Know how to get in touch with the local authority Children's Services, in case it needs to report a concern
- Ensure children and adults know who is in charge of the rehearsal through the wearing of a lanyard by that person – usually the Director.

### **Parents**

- The society believes it to be important that there is a partnership between parents and the society. Parents are encouraged to be involved in the activities of the society and to share responsibility for the care of children. All parents will be given a copy the society's Child Protection Policy and procedures.
- Parents will be encouraged to supervise their child backstage. They should not be responsible for other children, unless there is written permission from that parent. Should any concerns be raised about the conduct of a parent, this should be brought to the attention of the member in charge, likely to be the Director and the Child Protection Officer.
- All parents have the responsibility to collect (or arrange collection of) their children after rehearsals or performances. It is NOT the responsibility of the society to take children home.

## **Unsupervised Contact**

- The society will attempt to ensure that no adult has unsupervised contact with children.
- If unsupervised contact is unavoidable, steps will be taken to minimise risk. For example, work will be carried out in a public area, or in a designated room with the door open.
- If it is predicted that an individual is likely to require unsupervised contact with children, he or she will be required to obtain a criminal record disclosure (DBS).

## **Physical Contact**

- All adults will maintain a safe and appropriate distance from children.
- Adults will only touch children when it is absolutely necessary in relation to the activity.
- Adults will seek the consent of the child prior to any physical contact and the purpose of the contact shall be made clear.

## **Managing sensitive information**

- The society has a policy and procedures for the taking, using and storage of photographs or images of children.
- Permission will be sought from the parents for use of photographic material featuring children for promotional or other purposes.
- The society's web-based materials and activities will be carefully monitored for inappropriate use. Group chats must be appropriate and language suitable.
- The society will ensure confidentiality to protect the rights of its members, including the safe handling, storage and disposal of any sensitive information such as criminal record disclosures.

## **Suspicion of abuse**

- If you see or suspect abuse of a child while in the care of the society, please make this known to the person with responsibility for child protection. If you suspect that the person with responsibility for child protection is the source of the problem, you should make your concerns known to the Chair.

- Please make a note for your own records of what you witnessed, as well as your response, in case there is follow-up in which you are involved. Do not question the child.
- If a serious allegation is made against any member of the society, chaperone, venue staff etc., that individual will be suspended immediately, until the investigation is concluded. The individual will be excluded from the theatre, rehearsal rooms etc. and will not have any unsupervised contact with any other children in the production.

### **Disclosure of abuse**

If a child confides in you that abuse has taken place:

- Remain calm and in control, but do not delay taking action.
- Listen carefully to what has been said. Allow the child to tell you at their own pace and ask questions only for clarification. Don't ask questions that suggest a particular answer – do not lead.
- Don't promise to keep it a secret. Use the first opportunity you have to share the information with the person with responsibility for child protection. Make it clear to the child that you will need to share this information with others. Make it clear that you will only tell the people who need to know and who should be able to help.
- Reassure the child that 'they did the right thing' in telling someone.
- Tell the child what you are going to do next.
- Speak immediately to the person with responsibility for child protection. It is that person's responsibility to liaise with the relevant authorities, usually Children's Services or the police.
- As soon as possible after the disclosing conversation, make a note of what was said, using the child's own words. Note the date, time, any names that were involved or mentioned, and who you gave the information to. Make sure you sign and date your record.
- If an adult reports a concern to you, advise them to inform the Child Protection Officer as well as reporting it yourself. Record what has been reported.

### **Recording**

- In all situations, including those in which the cause of concern arises from a disclosure made in confidence, the details of an allegation or reported incident will be recorded, regardless of whether or not the concerns have been shared with a statutory child protection agency.

- An accurate note shall be made of the date and time of the incident or disclosure, the parties involved, what was said or done and by whom, any action taken to investigate the matter, any further action taken eg. suspension of an individual, where relevant the reasons why the matter was not referred to a statutory agency, and the name of the persons reporting and to whom it was reported.
- The record will be stored securely and shared only with those who need to know about the incident or allegation.

### **Rights and Confidentiality**

- If a complaint is made against a member of the society, he or she will be made aware of his/her rights under the society's disciplinary procedures.
- No matter how you may feel about the accusation, both the alleged abuser and the child, who is thought to have been abused, have the right to confidentiality under the Data Protection Act 2018. Remember also, that any possible criminal investigation could be comprised through inappropriate information being released.
- In criminal law the Crown, or other prosecuting authority, has to prove guilt and the defendant is presumed innocent until proven guilty.

### **Accidents**

- To avoid accidents, chaperones and children will be advised of "house rules" regarding health and safety and will be notified of areas that are out of bounds. Children will be advised of the clothing and footwear appropriate to the work that will be undertaken.
- If a child is injured while in the care of the society, a designated first-aider will administer first aid and the injury will be recorded in the society's accident book. This record will be countersigned by the person with responsibility for child protection.
- If a child joins the production with an obvious physical injury a record of this will be made in the accident book. This record will be countersigned by the person with responsibility for child protection. This record can be useful if a formal allegation is made later and will also be a record that the child did not sustain the injury while participating in the production.

## **Criminal Record Disclosure**

- If the society believes it is in its best interests to obtain criminal record disclosures for chaperones or other personnel, it will inform the individual of the necessary procedures and the level of disclosure required. A Standard disclosure will apply for anyone with supervised access to children. An Enhanced disclosure will be required for anyone with unsupervised access.
- The society will have a written code of practice for the handling of disclosure information.
- The society will ensure that information contained in the disclosure is not misused.

## **Chaperones**

- DBS checked Chaperones will be appointed by the society for the care of children during the production process. By law the chaperone is acting in loco parentis and should exercise the care which a good parent might be reasonably expected to give to a child. The maximum number of children in the chaperone's care shall not exceed 12.
- Potential chaperones will be required to supply their DBS certificate. They will also be asked to sign a declaration stating that there is no reason why they would be considered unsuitable to work with children.
- Chaperones will be made aware of the society's Child Protection Policy and Procedures.
- Chaperones may have unsupervised access to children in their care, but best practice would include the children's parent.
- Where chaperones are not satisfied with the conditions for the children, they should bring this to the attention of the producer. If changes cannot be made satisfactorily, the chaperone should consider not allowing the child to continue. This would include suitable changing and waiting areas that are child only areas.
- If a chaperone considers that a child is unwell or too tired to continue, the chaperone must inform the producer and not allow the child to continue.
- Under the Dangerous Performances Act, no child of compulsory school age is permitted to do anything which may endanger life or limb. This could include working on wires or heavy lifting. Chaperones should tell the producer to cease using children in this way and should contact the local authority.

- During performances, chaperones will be responsible for meeting children at the stage door and signing them into the building.
- Children will be kept together at all times except when using separate dressing rooms.
- Chaperones will be aware of where the children are at all times.
- Children are not to leave the theatre unsupervised by chaperones unless in the company of their parents
- Children will be adequately supervised while going to and from the toilets.
- Children will not be allowed to enter the adult dressing rooms.
- Chaperones should be aware of the safety arrangements and first aid procedures in the venue, and will ensure that children in their care do not place themselves or others in danger
- Chaperones should ensure that any accidents are reported to and recorded by the society
- Chaperones should examine accident books each day. If an accident has occurred, the producer is not allowed to use that child until a medically qualified opinion has been obtained (not just the parent or child)
- Chaperones should have written arrangements for children after performances. If someone different is to collect the child, a telephone call should be made to the parent to confirm the arrangements
- Children should be signed out when leaving and a record made of the person collecting
- If a parent has not collected the child, it is the duty of the chaperone to stay with that child or make arrangements to take them home.
